## Grissom Named As Astronaut For Second Space Flight

### Begin Countdown For Early Morning Blast-off Tuesday

CAPE CANAVERAL, Fla. (AP) —Virgil I. Grissom, a 35-year-old Air Force captain, was named today as the astronaut chosen to make America's second penetration into space.

Selection of Grissom, from Mitchell, Ind., was disclosed by the National Aeronautics and Space Administration less than 24 hours before he was due to take a 115-mile high flight aboard the space capsule called "Liberty Bell 7."

The other candidate for the honor of following Navy Cmdr. Alan B. Shepard Jr. to the threshold of space was Marine Lt.

Col. John H. Glenn Jr., 39, of New Concord, Ohio.

Shepard made his pioneer flight—a similar high-arc trip up and down—on May 5.

The Soviet Union won the race to get a man into space when Maj. Yuri Gagarin rode a spacecraft in orbit around the earth on April 12.

Lt. Col. John Powers, spokesman for the astronaut team, told a news conference the weather prospects for Tuesday looked good.

"Everything at this time looks A-OK," Powers said.

Both men received their pre-flight physical examinations Sunday afternoon after spending most of the day doing nothing save a little surf fishing.

Meteorologists were keeping a sharp eye on a high-pressure area over the Caribbean which was driving high cirrus clouds ahead of it.

So far it does not appear that cloud cover, which would hamper capsule recovery from the sea, will pass close enough to cause postponement of the launch, however.

The flight will be mankind's third trip into space in preparation for true space travel.

The first man to reach the threshold of the heavens was Soviet Maj. Yuri A. Gagarin, who orbited the earth for 108 minutes at a maximum altitude of 187 miles on April 12.

Gagarin was followed into space by U.S. Navy Cmdr. Alan B. Shepard Jr., on May 5. Shepard's suborbital trip and the one scheduled Tuesday will be almost identical.

At the time of launch some 75 scientists and technicians will be packed into the control blockhouse about 50 yards from the 78,000-pound-thrust Redstone missile with its two-ton space capsule.

None will have a more exacting job than Dr. Kurt Debus, director, Launch Operations Directorate, Marshall Space Flight Center, Huntsville, Ala.

Despite the tons of electronic equipment to detect anything wrong, there will be eight seconds during which Debus, German-born rocket expert, will simply look at the flames billowing from the Redstone's engines and make up his mind whether all is going well.

If Debus detects any signs of thrust decay he will push a button which will send the man-car-

### 3 Injured In Sunday Traffic

Accidents Probed By Highway Patrol

Two area women and a 12-year-old East Rochester girl were injured in separate accidents on Columbiana County highways on Sunday.

Injured were:

Betty J. Elkins, 35, of RD 2, Lisbon, admitted to Salem City Hospital with multiple lacerations of face and head and possibly other head injuries. She is listed in fairly good condition.

Toni Lee Graham, 22, of RD 1, Columbiana, treated at Salem City Hospital for lacerations of right arm, bruises of back, both knees and lower chest and lacerations of lower lip. She was released from the hospital after treatment.

Vickie Lynn Gross, 12, of RD 1, East Palestine, treated by Minerva physician for bruised right arm.

Collide Near Guilford

Mrs. Elkins was a passenger in a car driven by her husband, Donald Edwin Elkins, 37, which collided with another car on Rt. 172, near Guilford Lake at 2:45 p.m.

The State Highway Patrol said Sam Anastas, 29, of Canton, had slowed down on the highway just over a hillcrest to ask directions when the Elkins' vehicle, approaching from the rear, skidded into his car. The Lisbon couple's car was damaged extensively. Anastas' auto received moderate damage.

Toni Graham was injured when the car she was driving ran off Rt. 14 and overturned, about three miles east of Rt. 7 near Columbiana at 4:30 a.m.

According to the Patrol, she was traveling west when her car went out of control, ran off the road on the north side, struck a reflector post and went into the ditch before overturning and coming to rest on its wheels.

Crash At Intersection

Vicki Lynn Gross was a passenger in a car driven by Grace Gross, 50, of East Rochester. Their car was struck broadside by another auto driven by Nora Baker, 56, of Bergholz, at 3:25 p.m. Sunday at the intersection of county roads 402 and 403, west of Hanoverton.

### Government Claims Victory Over Reds

## 200 Rebels Killed In Viet Nam Battle

SAIGON, South Viet Nam (AP) —Government troops driving into a rebel stronghold southwest of Saigon killed an estimated 200 Viet Cong Communists over the weekend in one of the bloodiest battles of the seven-year guerrilla war.

Military authorities said 187 Viet Cong dead were counted after the three-hour pitched battle in the swampy Plaine des Jongs—Plain of Reeds—about 60 miles from the capital.

They added, however, that several hundred Reds fled toward the nearby Cambodian border carrying numbers of dead and wounded.

Government losses were given as 12 dead and about 60 wounded. President Ngo Dinh Diem's forces are giving a new twist to the hit-and-run war, seeking out the rebels in offensive mop-up operations in territories where the Communists are strong.

Government sources claimed a major victory in Sunday's battle that sent a big rebel band fleeing toward the Cambodian border, carrying some of their dead and wounded with them.

About 600 Viet Cong regulars, armed with French and American weapons seized earlier from gov-

ernment forces, were lured into a trap when they tried to encircle an army company.

After fierce fighting, the outnumbered rebels succeeded in breaking away and retreated over the marshes. Ten Viet Cong were taken prisoner and 68 heavy and light weapons seized.

It was the second major offensive operation launched by the government in an attempt to wipe out terrorist strongholds.

### Rainfall Revives Lawns and Gardens

Crops are no longer suffering from thirst and the brown and yellow lawns have been restored to a colorful green as a result of a great amount of needed rain that fell in the area over the weekend.

The heaviest precipitation occurred in the northeast section of the state, with Youngstown reporting a six-hour total of nearly .7 of an inch.

Salem and the surrounding area received a half-inch of rain, the majority falling after midnight today.

### Tough Stand On Berlin Gets GOP Support

Party Against Further Weakening Of U.S. Interests

WASHINGTON (AP) — Sen. Styles Bridges, R-N.H., said today Republicans will support any "firm, tough position" President Kennedy takes on the defense of West Berlin.

Bridges, who heads the Senate Republican Policy Committee, said members of his party are against "any further weakening of the American position in any part of the world."

He expressed confidence that Kennedy will make it clear to Soviet Premier Khrushchev this week that there will be no Western backdown in Berlin and follow this up with a request to Congress for additional defense funds.

"We Republicans will stand behind the president if he takes a firm position," Bridges said.

House Speaker Sam Rayburn, D-Tex., said Sunday he was certain Kennedy had a program to meet the rising danger of the Berlin crisis.

Rayburn predicted in an ABC-TV interview—"Issues and Answers": "When President Kennedy decides to move—decides what money he has to have—Congress will move along with him."

Senate Democratic Leader Mike Mansfield of Montana, in a separate interview with a newsman, praised the nonpolitical stance he said Republicans generally are taking in the foreign policy field.

"The Republicans on the whole are rising above partisanship in this crisis," Mansfield said. "They are showing realism about the grave situation we face in Berlin."

Mansfield said he thinks that when Democratic congressional leaders meet with Kennedy Tuesday, the President may have reached a final decision on whether to build up conventional military strength by a partial mobilization of reserves and National Guard forces or by an increase in the size of the Army and Marines.

While the Republicans signified their willingness to go along with Kennedy on Berlin, Bridges said there is no compromise yet in sight on the President's request for authority to make up to \$8.8 billion in foreign aid loans over a five-year period.

Kennedy discusses the matter with eight members of the Senate Foreign Relations Committee today as part of a series of sessions in which he is attempting to sell Congress on the long-range program.

IT'S ALL OVER — Chained and in handcuffs, Delmar Spooner, 25, is led to jail by law officials in Bond, Colo. He is charged with the murder of two, and was captured in a 225-member posse hunt.

### Eleven Youths Arrested

## 'Wade-ins' Disrupt Chicago Swim Area

CHICAGO (AP) — Antagonism between white bathers and police and a scuffle in which a white teen-ager was carried unconscious from the beach Sunday marked the second weekend of organized integration "wade-ins" at Rainbow Beach.

Eleven white youths were arrested by a police task force of 250 men, commanded by Capt. James Hackett, which patrolled the South Side Lake Michigan Beach.

Nine were charged with disorderly conduct and unlawful assembly. Two others, both juveniles, were released in the custody of their parents.

Those arrested were among more than 500 white youths who jeered officers and a mixed group of some 175 integration demonstrators at the traditionally all-white public beach.

The demonstrators arrived at midday and sat in the sand among the 10,000 persons sunning and swimming at the three-block-long beach between 75th and 78th streets.

The groups of white youths began walking among the demonstrators and crowding around policemen. Then they began a chant: "Go, go, go."

As Hackett and his men moved in to break up the youths, a 19-year-old kicked one officer and struck at another.

Several officers, with nightsticks drawn, grabbed and subdued the teen-ager who fell unconscious to the sand. He was carried to a police squad car and whisked off to a police station.

The youth later told authorities he was not knocked unconscious by police clubs but passed out in the excitement. He said he suffered from epilepsy.

The kicking incident came as the integrationists were leaving the beach. All departed peacefully and no flareups between white persons and Negroes were reported.

However, the scuffle touched off angry murmurs in the crowd. Hackett then grabbed a portable

### Vince DiNiro Murdered In Gangland Style

Dies Enroute To Hospital After Market St. Blast

YOUNGSTOWN, Ohio (AP) — Vince DiNiro described by police as this city's top rackets figure, was killed early today when a bomb exploded and ripped apart his car as he turned the ignition key.

DiNiro, almost torn in two by the blast, was still alive when firemen removed him from the wreckage, but he died while being taken to South Side Hospital.

The blast occurred across the street from Cicero's Restaurant on Market Street about two miles from the downtown business section. Several windows in nearby buildings were shattered.

Police said the blast was the equivalent of 10 sticks of dynamite. The 1961 convertible DiNiro attempted to start was registered to a girl friend, but it was not known when he last drove it, police said. The 1960 Chevrolet DiNiro had driven early in the day was found parked three blocks away. He drove three different cars.

The last known person to have seen DiNiro alive was a 39-year-old Youngstown man. Police said he told them he ate supper with DiNiro about 7 p.m. Sunday at a club near Warren.

DiNiro was the owner of the restaurant, but others ran it for him. Police said he apparently had come from the restaurant, which is closed on Sundays. He had keys for it.

DiNiro's was the second bomb death in almost a decade here, although police records show nearly 80 gangland bombings and dynamitings. The other victim was Christ Sofocleous, who was killed when his car was blown up May 8, 1959.

Police found a huge piece of metal from the car in which DiNiro was killed in a nearby tree. A tire from the car was blown through a window of a wallpaper and paint store. Fragments of metal and glass were strewn over a wide area.

DiNiro, about 40, was generally regarded as the leading rackets figure in Youngstown and Mahoning County for the last eight years. In that time he had acquired control of a cigarette bending machine firm, a used car lot, the restaurant and for a time a piece of the Sans Souci gambling club in Las Vegas, Nev. He later sold his interest in the Las Vegas club.

### Firemen Respond To Apartment Fire

Firemen were called to the Jarvis apartments, 363 E. State St., at 6:28 a.m. today where a davenport bed was on fire.

Smoke and water damage was caused to the bed. The alarm was turned in by a passerby. There was no one in the apartment when firemen arrived.

This was the second call this month to these apartments which are located on the second floor over the Haldi Shoe Co. building. On July 1, someone smoking in bed caused a similar fire.

At that time, Fire Chief Clarence Wright notified Charles Haldi, the owner, to bring the apartments up to meet the fire code specifications or have them vacated by Aug. 1. Joseph Bryan and J. Whinnery Lease, owners of adjoining buildings, were issued similar warnings at the same time.

# Budgetary Battle Highlighted 104th General Assembly

By DUANE E. CROFT  
Salem News Staff Correspondent

COLUMBUS, Ohio — When the 103rd Ohio General Assembly wound up its work almost exactly two years ago, people whose legislative memories go back pretty far said there never had been one like it before and there never would be again.

Now that the 104th Assembly has wound up the major part of its work, some observers are casting the same judgment on it.

If this points up anything of long-range value, it is that every legislature is peculiar to itself, with its own set of problems and circumstances.

Between the distinctive characteristics of the 1959 and 1961 sessions, however, there is a close connection. The first laid the foundation for the second.

**Democrats Take Over**

The 103rd was the first Assembly in 10 years to be controlled by the Democrats, and, through a record majority at the polls, the Democrats also installed one of their own — Michael V. DiSalle — in the governor's office for the first of the new four-year terms.

Though occasionally plagued by internal strife, the team worked together on an aggressive and sometimes imaginative program, the cornerstone of which was a tax increase of something over \$300 million.

The governor and his legislative leaders explained — they refused to use the word "defend" — this increase as dictated by the political courage to face up to the state's needs and meet them on a pay-as-you-go basis.

The Republicans took this explanation — they preferred the word "defense" — with more than a mere grain of salt, claiming the new tax bite was at least \$100 million too big and charging the governor and his friends had armed themselves for a two-year frolic with the taxpayers' money.

**Battleground Set**

Both arguments used fighting words, of course, and that was the battleground on which the 1960 campaign for legislative control was fought. The Republicans surprised even themselves by taking over the reins in both houses.

Few elections are decided on single clear-cut issues, especially in presidential years, but the GOP

was satisfied that it had been given a mandate by Ohioans to stop the alleged big spending, block any new tax increases and maybe even cut back the tax take here and there.

But Mike DiSalle, never a man to let current events drift past him, jumped into the swim with a budget message that said the state could live within its present means, but suggesting more progress would be made with a spending program \$150 million beyond present means.

**DiSalle Prepared**

He was fully prepared to be taken seriously if the Republicans accepted his invitation to discuss a tax increase to cover that imbalance. But at the very least, his proposal was intended to dramatize the irresponsibility of the Republican campaign charges.

Naturally, the GOP legislative leaders took it as confirmation of what they had been saying all along. They not only would not even think of raising taxes, they said, but they would prove that the balanced executive budget could be trimmed down to provide some extra money for things the governor had left out.

From that point the session progressed — or proceeded, depending upon which side of the political aisle one is speaking from.

**Battle Still Rages**

Officially, it is not over yet and the budget battle is not settled. The GOP's appropriations for the second year of the biennium stand vetoed by DiSalle. The majority leaders are withholding their decision on what to do about it until they return July 31 for what usually is final adjournment but may be a lengthy recess.

In one sense, the governor's position has been vindicated. The Republicans combed his balanced budget proposal carefully and came up with a cut of \$37 million, considerably short of the \$100 million they had charged the administration was swimming around in.

And their cutting was based on maintaining state programs at present levels, which can be interpreted as tacit approval of the upgrading accomplished during the last two years by DiSalle and the 103rd General Assembly.

**GOP VINDICATED, TOO**

On the other hand, the Republicans have had their share of vin-

**AIR EXPRESS** — Sliding on a thin film of air, vehicles like this "Levacar of the Future" may provide fast intercity and interstate travel in coming decades. The Levacars would use "levapads" instead of wheels, supported on a cushion of air only a fraction of an inch above the rails, and move at speeds of 200 to 500 miles an hour. In the 40-passenger model in drawing above, power for both lift and propulsion would be obtained from two turbojet engines. The design is the result of studies by Ford Motor Co. engineers, who have already built and tested a one-passenger model.

dication, too. It is more subtle, such as the belief that how much you spend isn't the only important consideration, but how and on what you spend it is well.

They made their biggest cuts in welfare and mental hygiene programs and reapplied the lion's share to education and capital improvements. They have held fast to their contention that the welfare and mental hygiene program do not have to suffer if the money allotted to them is managed wisely.

They succeeded in making some tax cuts, though none so dramatic as the increases of 1959.

But the ultimate vindication — the judgment of which side is more right than the other — rests with time or the voters or both.

## Deaths and Funerals

### Mrs. Walter Kirby

Mrs. Virginia Kirby, 82, formerly of 897 Summit St., died at 5:45 a.m. Sunday at the home of her daughter, Mrs. Wayne Meals of 66 W. Main St., East Palestine, following a lingering illness.

Born in Smithfield, Pa., Jan. 14, 1879, she was the daughter of James and Lydia Bowers Vinson. Her husband, Walter Kirby, died July 30, 1947.

She was a member of Holy Trinity Lutheran Church.

Besides Mrs. Meals, she leaves a son, James Kirby of Salem; a sister, Mrs. Russell Chubb of Youngstown; three brothers, John Vinson of Salem, Claude Vinson of Detroit, Mich., Charles Vinson of Zephyr Hills, Fla.; a granddaughter, Mrs. Colleen Lynch of Massillon; and three great-grandchildren. Two brothers and two sisters preceded her in death.

Services will be held Wednesday.

### Vandals

(Continued from Page One)

carried away from the Boyle house — "work too heavy for kids," observed Patrolman Gilbert Bartha.

The Boyle residence sustained inestimable damage. Books from the family library were stolen, others were ripped from their bindings and thrown over the floor. Valuable Civil War letters written by Miss Boyle's grandfather, Col. T. C. Boone, had been kept locked in a third floor storage room; these were found strewn throughout the house and backyard.

An antique marble-top wash stand was broken, light fixtures ripped from the walls, and the entire staircase banister knocked down and pulled apart. A diary kept by Will Boyle during the 1860's and family photographs were scattered over the bathroom floor. The attic room, which had been padlocked, was ankle-deep with family correspondence.

Miss Boyle spent Sunday at her former home removing the few articles which had not been stolen or destroyed by vandals.

### Once Impressive Residence

Built during the 1880's, the Boyle residence was once an impressive building with tall Lombardy poplars in front.

James Boyle was a prominent Salem industrialist, manufacturing the original steel cattle stanchion and doing business on a nationwide scale. His father, Allan Boyle, at one time operated the Perry Store Co. on Depot St.

Miss Boyle recalls that years ago all the lots from the old Boone family home on the corner of Penn and Columbia down to the site of the Boyle home were occupied by garden and lawn. Her grandfather, Col. Boone, bought the corner house during the 1850's, adding substantially to the frame dwelling. At that time the area was known as Foundry Hill, although no one seems to know exactly where the foundry was. Will Boyle refers to it in his 1866 diary.

Col. T. C. Boone was Salem's highest ranking Civil War veteran. A large portrait of him was one of the few articles left untouched by the vandals.

ties closed DiNiro's gambling operation in a place on U. S. 422 in Coitsville Twp. east of here.

The gambling racket in the Youngstown - Warren area has been blamed for a series of violent episodes the past decade. There have been 75 unsolved bombings since 1951, and on March 12, 1960 Sandy Naples, a Youngstown racket figure, was shot to death on the porch of his girl friend's home.

Dedicated fishermen spend their lives wondering what goes on in a fish's tiny brain. Controversies rage, all because it's hard to get a straight answer from a fish.

One of the points of issue is are fish scared by motorboats? An experiment proved that fishing's about the same on days when a lake resounds with motors, as on days of complete quiet.

Fish don't seem to be as nervous as fishermen.

Joseph Pales has arranged the program for the Kiwanis Club meeting Thursday noon in the Memorial Building.

## U.S. Defense Plans Studied By Kennedy

HYANNIS PORT, Mass. (AP)—President Kennedy, rested by another weekend on Cape Cod, heads back to Washington today to tackle some major problems, including the adequacy of U.S. defenses.

Late this week, Secretary of Defense Robert S. McNamara is due to report to Kennedy on whether the armed forces need shoring up in the light of the Berlin crisis and Soviet Premier Khrushchev's decision to increase military spending.

After attending 11 a.m. Mass at St. Francis Xavier church in Hyannis with Mrs. Kennedy Sunday, the President interrupted his restful weekend to confer by phone with his top diplomatic, military and security advisers.

Press secretary Pierre Salinger gave no details, but left no doubt that national security affairs figured importantly in the talks.

Salinger said the U.S. note to Khrushchev on Berlin will be released early in the week. He refused to be pegged down on the exact timing, but said it would be before Kennedy's morning news conference Wednesday.

Still another matter facing Kennedy's attention this week is reorganization of the Office of Civil and Defense Mobilization.

He is expected to ask Congress for a big increase in funds for civil defense and the shifting of the major role in this field from the OCSM to the Defense Department.

## Mary Malone Is Bride In E. Fairfield Church

The sanctuary of the East Fairfield Methodist Church was the setting of the Saturday afternoon wedding of Miss Mary Elizabeth Malone, daughter of Mr. and Mrs. Ralph W. Yeager of RD 2, Columbiana, and Frederic Mohr Glaser, son of Mr. and Mrs. Rudolph F. Glaser of Fostoria.

Palms, ferns, urns of white gladioli and chrysanthemums and lighted twin candelabra enhanced the altar for the double ring ceremony performed by Rev. Mark George. Satin bows and daisy blooms marked the pews.

"Ich Liebe Dich," "O Perfect Love" and "Wedding Prayer" were the selections sung by John Carter of New Waterford. Miss Eileen Grim of Columbiana was the organist.

Mr. Yeager gave the bride in marriage. Her gown was fashioned of mist silk organza over taffeta. Swiss lace motifs trimmed the scoop neckline, and accented the skirt which featured a bustle bow back and a chapel train.

A crown of pearls held her fingertip veil of silk illusion. She carried her mother's white Bible, marked with an arrangement of yellow roses and stephanotis.

Miss Nina Malone of Columbiana was maid of honor for her sister. The bridesmaids were Mrs. George Lungner of Columbiana and Mrs. Larry Bennett of Salem. All were attired in identical gowns of embroidered organza over mint green taffeta, fashioned with cap sleeves, scoop necklines and street-length bouffant skirts.

Their headpieces were matching green Dior bows with short veils. Each carried a garden basket of daisies and yellow snapdragons.

Mr. Glaser's best man was his brother, Phillip Neil Glaser of Columbiana. The ushers were Marvin C. Carboneau and Vincent D. Meyer of Columbiana and Daniel Yeager of Columbiana.

A mauve sheath of embroidered silk organza with matching accessories was worn by the bride's mother. The bridegroom's mother chose a Nile green sheath of silk shantung with matching accessories. Corsages of white roses complemented their ensembles.

Approximately 150 guests attended the reception in the church social room. A miniature bouquet of yellow roses topped the three-tiered wedding cake which was decorated in yellow.

Those serving were Miss Myra Jane Bowman of Greenville, Mrs. Kenneth Crowl and Miss Myrna Morrow of Columbiana, Miss Carolyn Fitzsimmons of New Waterford, Miss Judy Kerr of Ashland and Mrs. Paul Neville of Lisbon.

Mrs. Carl Gilmore of Sabina registered the guests from Salem, Greenville, St. Mary's, Fostoria, Toledo, Maumee, Waseon, Sabina, Ashland, Marion, Columbus, Youngstown and Medina.

A graduate of Fairfield-Waterford High School and Ohio State University, the bride taught home economics the past year at Memorial High School in St. Mary's. Her husband graduated from Fostoria High School and Purdue University, and is studying in the graduate school of Ohio State University.

For traveling through the New England states, the new Mrs. Glaser chose a white traveling dress with Nile green pin stripes, white accessories, a single strand of pearls, a gift of the bridegroom, and the yellow rose corsage from her bridal bouquet.

They will be at home at 555 Harley Drive, Apt. 5, Columbus 2.

## Frieda Ackerman Weds Donald Richard Clark

The chapel of the First Methodist Church was decorated with shefflera and grape ivy foliage with twin vases of white gladioli before the altar as Miss Frieda Delores Ackerman, daughter of Mr. and Mrs. Ronald Keith Ackerman of 943 W. State St., became the bride of Donald Richard Clark, son of Mr. and Mrs. Alfred Clark, Sr. of Union City, Pa., Saturday at 2:30 p.m.

Rev. William Longworth read the sacraments and Rev. William C. Snowball, of the Windmere First Methodist Church, performed the double ring ceremony.

The bride was given in marriage by her parents.

Homer Taylor was the organist. Soloist, Miss Marilyn Schramm, sang "Through the Years," "At Dawning," "Oh Promise Me" and "The Lord's Prayer" was sung while the couple knelt at the altar.

The bride's gown was of silk taffeta and Chantilly lace with an empire waistline and a sweeping skirt of taffeta which had a bow at the back to accent the chapel train of lace. The dress had a portrait neckline and long sleeves which came to a point at the hand. Her veil was a Dior bow of silk organza with a fingertip veil designed by the paternal grandmother of the bride, Mrs. F. G. Ackerman. The flowers were yuletide roses and stephanotis on a white Bible, a gift from her mother and father. The bouquet was sent later to the bridegroom's great-grandmother, Mrs. Blanchard of Union City, who was unable to attend the wedding.

The maid of honor was Miss Linda Mae Griffith, fiancée of the bride's oldest brother, and the bridesmaid was Mrs. Kenneth T. Binns of Alliance, aunt of the bride. They were dressed alike in lace and silk organza gowns of Periwinkle with a scooped neckline, dome skirt and accented at either side of the waist with tiny bows. They carried nosegays of white marguerite daisies showered with satin ribbons and accented with tiny droplet pearls.

The flower girl, Miss Cindy Clark, niece of the bridegroom of Union City, Pa., wore a white organza dress and a circlet of marguerite daisies in her hair.

Donald Keith Ackerman Jr., youngest brother of the bride, was ringbearer.

Robert Paul Gregory of Union City served as best man. Ushers were Ronald Frederick Ackerman, brother of the bride, and Marion Ackerman of Athens.

The bride's mother wore a beige lace dress with an organza over skirt, scooped neckline and brown accessories. Each of the mothers was presented a heart charm.

Mrs. Clark, mother of the bridegroom, chose a powder blue linen dress and navy accessories.

The reception was held at the home of the bride's parents.

The bride's table was laid with a white Irish linen cloth with appointments of white gladioli and silver. A three-tiered cake topped with two matching porcelain cherubs, designed and made by the bride's mother, centered the table.

Mrs. Harold Diehl, Mrs. Wayne Noschinsky and Mrs. Clara Wilson served.

Miss Deanne Lavelle registered 150 guests from Sebring, Alliance, Kent, Canton, Delaware, Toledo, Columbus, and Ashtabula, and Erie, Corry, Union City, Franklin, New Castle, and Lock Haven, Pa., Rochester, N. Y., Washington, D.C., St. Thomas, Ont., Canada, and Detroit.

## 84 years old... yet he's called young

In a village in Israel, Samuel Dorenbaum is known as "Young" Dorenbaum! He's 84, and always stands when he works. . . . "It keeps me fit," he says as he carves beautiful chessmen of olive wood. The twilight years of "Young" Dorenbaum are happy and productive . . . now. For 50 years he was a woodcarver in Rumania, then spent four years in an immigration camp with nothing to do. Transferred to Shaar Menashe, a village for the aged, Samuel was overjoyed to find a woodworking shop there. Said when he saw it . . . "Now I'll be all right."

Usefulness for Samuel Dorenbaum was made possible by Americans supporting the Overseas Aid Program of their faith. While this case is Jewish—all three faiths—Protestant, Catholic and Jewish—maintain extensive programs that provide useful work as well as basic food, clothing, shelter, education, farm tools—to the millions in need overseas.

These programs must continue. They offer the only hope to literally millions. Next time you are asked to support your faith's Overseas Aid Program, remember the story of "Young" Dorenbaum! Give generously.

# Indians Split Doubleheader With Twins 7-5, 5-12

## Essegian Leads Tribe to Victory

### Outfielder Raps 2 Homers, Drives In Four Runs; Latman, Martin Clash

CLEVELAND (AP) — Chuck Essegian, the Cleveland Indians' timely-hitting reserve outfielder, showed again Sunday why he is so popular with the fans.

The right-handed slugger obtained from Kansas City in May drove in four runs with two homers to pace the Indians to a 7-5 victory over the Minnesota Twins in the opener of a doubleheader. The Tribe lost the second game, 12-5.

#### Latman, Martin Almost Clash

Essegian's slugging and pitcher Barry Latman's minor brush with Billy Martin of the Twins provided the excitement for the 16,945 Family Day fans in the first game.

Latman, who relieved Gary Bell in the ninth, resented Martin getting too close to the plate while he was warming up and threw a warning pitch near the Twins' second baseman.

With the tying run on base and two outs, Latman was called from the bullpen to pitch to Lenny Green. Green stood near the plate, as is customary, watching Latman's warm-ups, and Martin, the next batter up, also moved over from the deck circle to take a closer look.

When Martin ignored Latman's request to move back where he belonged, the Tribe right-hander threw the ball within a few feet of Martin.

Latman got the last word by striking out Green to end the game.

"Only the next batter is entitled to be watching the warm-

ups," Latman said in the clubhouse after the game. "I've never thrown at a batter in my life, but if anybody ever again tries to do what Martin did I'm going to throw at him. I've given my last warning."

Essegian's 23 hits — including eight homers — in a Cleveland uniform have driven in 24 runs. His hitting Sunday, plus a homer by John Romano, made it easy for Gary Bell to pick up his sixth victory in 15 decisions.

#### Tribe Scores Six In First

The Tribe scored six runs in the first inning, three of them on Essegian's first homer off loser Jim Kaat (3-10). The Indians got their other run on the muscular outfielder's 450-foot homer in the seventh inning off Danny McDevitt. The smash was one of the longest a right-hander has ever hit at Municipal Stadium.

Smooth relief pitching by Don Lee (1-2), who hurled 6 1/3 innings, the hitting of Green and some sloppy fielding by the Tribe's.

Green collected a triple, a double and three singles. He also hit a triple and two singles in the opener for a total of eight hits in 11 times at bat.

## Feels Umpires Not Getting Proper Backing

## Frank Dascoli May Quit As Umpire In National League

By CHARLES MAHER  
Associated Press Sports Writer

LOS ANGELES (AP) — Frank Dascoli, regarded by many as the finest umpire in the National League, may quit after this season because of dissatisfaction with the way umpires are treated by the bosses.

Dascoli neither denies nor confirms it, but The Associated Press has learned he recently told Pittsburgh baseball announcer Bob Prince this will definitely be his last year.

Pittsburgh baseball writer Les Biederman says several players have told him the same story.

The story is that Dascoli is discouraged because he feels umpires have not been getting proper backing from the league office in their run-ins with players and managers.

Dascoli, approached by a newsmen after Sunday's Pittsburgh-Los Angeles game, said:

"I'd like to give you the story, but right now I'm not in a position to make a statement. If we

happened to be here the day the season ends, I'll be happy to talk to you."

Significantly, Dascoli did not deny the story, as he presumably would if his remarks had been misunderstood. Nor did he say he had changed his mind since the Pittsburgh interview.

Dascoli, 45, joined the National League staff in the middle of the 1948 season, only about two years after becoming a professional umpire. He has worked in three World Series.

Dascoli, who believes umpires are invested with infallibility on the field, executes his job vigorously and in a severe manner. But although no one has ever won an argument with him, players and managers generally consider him one of the best in his business—particularly at calling balls and strikes.

## McKinley Tops Tennis Aggregation

ST. LOUIS (AP) — With chunky Chuck McKinley of St. Louis as his wheelhorse, Capt. David Freed expects his 1961 Davis Cup tennis team to be stronger than the 1960 squad.

Freed's team of McKinley, Dennis Ralston of Bakersfield, Calif., Bernard (Tut) Barten of Dallas and Allen Fox of Los Angeles, whipped Ecuador, 5-0, in the American Zone semifinals here this weekend, and now waits for Canada, Mexico and Morocco to battle for the right to meet the Yanks next month.

The schedule calls for Canada to meet Mexico first, with the winner to play Morocco. The Mexicans are heavy favorites.

McKinley beat both Miguel Olvera and Eduardo Zuleta of Ecuador in singles matches. Barten whipped Zuleta. Ralston beat Olvera and the doubles team of McKinley and Ralston trimmed the Ecuador pair.

"Chuck has to be the man around whom we build the team," Freed commented. "After all, he is equally effective on both clay and grass, and is the one man we can definitely count on to play both singles and doubles."

Barten, though a wizard on clay, can't move his 33 years around fast enough on the grass surface.

## Detroit Regains Lead With Sweep; NY Wins

By The Associated Press  
Detroit flexed its muscles Sunday with six home runs to back up complete games by Don Mossi and Phil Regan and regained the American League lead from New York by a half-game and one percentage point.

Rocky Colavito hit two and Norm Cash, Al Kaline, Dick McAuliffe and Mossi one each in an 11-1 and 8-3 sweep over the Kansas City A's.

#### Mantle Raps 32nd Homer

Mickey Mantle's 32nd home run and ninth-inning double led the

New York Yankees to a 2-1 victory over Baltimore. Bud Daley's four-hitter kept the Yanks rolling.

Chuck Essegian's two homers helped Cleveland dump Minnesota in the first game 7-5 but Lenny Green, who had eight hits in 11 trips during the afternoon, slammed a triple, double and three singles in the Twins, 12-5 triumph in the second game.

After Los Angeles rapped out 13 hits, including three-run homers by Steve Bilko and Ken Hunt in an 11-2 first game romp over Washington, the Angels lost the second 4-3 in the 10th on a pair of walks by Ryne Duren and a bad throw by catcher Del Rice.

Boston salvaged a split with Chicago when the Red Sox broke through with two runs in the 12th inning for a 5-3 victory in the second game after the White Sox took the first 4-3 on Minnie Minoso's two-run single in the ninth.

#### Moss Hit Homer for Tigers

Moss's homer in the first game at Detroit was his first of the year as he helped himself to victory No. 10 with a five-hitter. All Detroit runs in the second came on homers. Colavito's 23rd and 24th drove in five. Cash hit his 25th with a man on, his first in 17 games.

Daley might have had a shut-out in Baltimore in a rain-interrupted game but for some shoddy play that let two fly balls fall in for hits in the sixth inning when the Orioles scored their run. Mantle's homer came off Steve Barber, who also was the victim of Mantle's game-winning double in the ninth, following a double by Tony Kubek.

## Carry Back Declared Perfectly Sound Now

By JOHN CHANDLER  
Associated Press Sports Writer

OCEANPORT, N.J. (AP)—Will Carry Back, star of the Kentucky Derby and Preakness but a bust in the Belmont, where he was injured, ever carry on again?

"If this horse doesn't race again, it will be from something that happens from now on," trainer Jack Price said today at Monmouth Park. "As of now, he is perfectly sound."

Price trains the controversial 3-year-old colt, who runs in the silks of Price's wife, Katherine, of Miami. He made a point of asking that this observer watch Carry Back gallop two miles on the Monmouth Track that was inches deep with mud and water from three days and nights of rain.

"I will bring out the daily charts on the horse, his temperature readings, what he has done, and what he hasn't done," said the former Cleveland industrialist, stung by reports Carry Back is through. "I'll invite any horseman or veterinarian to see him and clear up any misconceptions about his condition."

"Carry back is insured for a million dollars. Based on stud fees for other horses with a big record like his, I certainly place his value at a million as a stallion in the stud."

"Why would I race him, or even keep him in training if there was anything seriously wrong with him? I would be a fool to jeopardize this investment."

## Italian Club Loses One-Hitter

## Lincoln Captures 12th Straight In Class A

Lincoln Machine rolled to its 12th consecutive triumph in Class A action by romping over Old Dutch, 12-4 in one of four softball games played at Kelley Park Saturday.

All games scheduled for Sunday were rained out.

In other Saturday Class A encounters, second place Mile Branch edged past the Italian Club, 2-1 despite a one-hitter thrown by the losers' Mike Paster; Theron's IGA blanked the Spartans, 10-0, and Bliss nipped Sheely's Furniture & Appliance, 5-4.

Lincoln Machine jumped out to a 5-0 lead in the first frame in grabbing its 17th win against only three defeats.

THE WINNERS ADDED two runs in the second to move into a 7-0 margin as Bill Pauline rapped a homer to drive in both runs in the second inning. Bill Odorizzi doubled before Pauline uncorked his blast.

Old Dutch tallied two runs in the third and two more in the fifth. The Lincoln nine finished the game with three runs in the fifth on a three-run homer by Shaffer and two more in the sixth.

Pacing the Lincoln aggregation were Pauline, Bill Crookston and Judge Guiler with two hits each. Gallo socked two singles to lead the Old Dutch crew.

The Italian Club put together singles by Smith, J. DeFavero and Mike Paster to move into a 1-0 lead in the top of the third frame. Mile Branch came storming back with two runs in the last of the third on two walks, an error and a single by J. Stoffer.

The losers knocked out five hits with Bill DeFavero and Chaffin collecting a double apiece.

Paster's downfall was that he had trouble controlling the ball as he gave up nine walks and threw two wild pitches.

Theron's had an easy time with the Spartans as the winners jumped out to a 4-0 lead in the first frame on doubles by Jack Morris and Lease, along with a single by Ingledue.

The winners added three runs in the third, two in the fourth and one in the fifth.

Pacing the Theron's attack was Ingledue with a single and a triple.

Morlan and Moe Meissner collected the only hits, singles, off of Sosbe, the Theron hurler.

SHEELY'S AND BLISS battled to a 1-1 deadlock for the first two frames but three runs in the third inning gave Sheely's a 4-1 margin. P. Beck with a double and

Seager with a single paced the Sheely rally.

The winners came back to trail Sheely's 4-2 after three frames and captured the contest with three tallies in the last of the fifth. Three singles and a double powered the Bliss nine into the triumph.

Stumpo and Schmid with two safeties each led the Bliss attack. Seager with three-for-four showed the way for the Sheely nine.

of Columbus 2 and 1 in the 36-hole finale of the 55th state amateur tournament.

It was Podolski's fourth frustration in two years. The last two seasons he has been runnerup in the state public links championship. Two weeks ago he finished second in the National Intercollegiate, and this time he fell short in his most determined bid for the coveted amateur crown.

The first five holes held the key to Stahl's conquest. He won four of them—two with birdies—and Podolski never caught up.

After the early spurge, Stahl won only four of the remaining 30 holes, just enough to give him the Governor's Cup.

Chicago Has 10-6 Record Against Cincinnati; SF Wins

# Reds Fall to Troublesome Cubs; Dodgers Nip Pirates

By JACK HAND  
Associated Press Sports Writer

Cincinnati's season-long trouble with the Chicago Cubs cost the Reds a full game of their National League lead Sunday when they bowed to the Cubs 4-2 while the second-place Los Angeles Dodgers were outslugging Pittsburgh 12-11 in 10 innings.

The Reds still lead the Dodgers by five games despite their problems with the Cubs, who have won 10 out of 16 from Manager Fred Hutchinson's crew.

The Reds main worry is George Altman. The Cub outfielder became the league's player of the month for June largely through a nine-hit series against Cincinnati. He is well on his way to repeating in July with Cincy pitching providing the impetus.

Altman, hitting .382 against Cincinnati with six of his 16 homers against the league leaders, beat them Sunday 4-2 with a tie-breaking homer in the sixth inning. Bob Anderson's no-hit pitching for 3 2-3 innings saved a fifth victory for Dick Ellsworth at the expense of rookie Ken Hunt.

Los Angeles gained a full game on the Reds but they did it the hard way, blowing an early lead and finally beating Pittsburgh 12-11 on Johnny Roseboro's 10th-

inning triple. Roseboro's ninth-inning homer had helped the Dodgers tie it up despite five home runs by the Pirates. Bill Mazeroski hit two and Dick Stuart, Roberto Clemente and Don Hoak each hit one.

San Francisco, making a belated move since the All-Star break, thumped the Phillies 7-3 with two homers by Willie Mays and one by Matty Alou. Sam Jones, making his first start since June 13, was the winner over Jim Owens with relief help from Stu Miller. The victory moved the Giants into third place.

Joe Adcock hit two homers and Lee Maye added another in Milwaukee's 9-1 romp over St. Louis whose only score was a pinch homer by Carl Warwick. Bob Hendley, rookie lefty, won with aid from Don Nottebart.

Anderson took over from Ellsworth on base in the sixth. He

struck out Jerry Lynch, the Reds' top pinch-hitter, and made Don Glasingame fly out.

## American Men Win; Women Lose

# Soviet Union Outsmarts Self In Track Meet With U.S.

By ED CORRIGAN  
Associated Press Sports Writer

MOSCOW (AP)—The Russians outsmarted themselves when they agreed to keep separate men's and women's scores in the week-end track meet against the United States. Today they were trying to explain that, after all, it's the grand total of victories that counts.

### Soviet Women Win

The American men whipped the Soviet athletes, 13-9 in events and 124-111 in score based on a 5-3-2-1 scale in the third of their series of clashes that ended Sunday in a miserable rain. The Soviet women won 68-39.

Now the Americans head for Stuttgart and a meet with East Germany Tuesday and Wednesday.

Valery Brumel, the wonderful Soviet teen-ager, smashed the world high jump record by clearing 7 feet, 4 inches under wretched conditions and Ralph Boston of Tennessee State topped his own pending world broad jump record of 27 feet, 1/2 inch by soaring 27 feet, 1 3/4 inches.

America's John Thomas cleared 7 feet, 2 inches in the high jump but missed three times at 7 feet, 4 inches although he was almost over on his last shot.

The Soviet women completely dominated their meet, winning eight of 10 events.

"We only made them separate meets because of our American friends," complained Leonid Khomenkov, chief of the Soviet version of the A-A-U, dropping a few sour grapes on the way. "Don't they total up all the gold medals in the Olympics for both men and women?"

"The United States is the only nation in the world that separates its men's and its women's teams. We will never discriminate

against our women in the Soviet Union. As far as we are concerned we won 17 events to America's 15."

The other United States victories Sunday were by Jay Silvester of the U.S. Army in the discus—191-9 1/2, Cliff Cushman of Grand Forks, N.D. in the 400-meter hurdles—50.5, Jim Beatty in the 1,500 meters—3:43.8, which equals a 4:00.8 mile, and the 1,600-meter relay, with Adolph Plummer, Chuck Frazier, Earl Young, and Ullis Williams, 3:08.8.

### Russia Won Five Events

The Soviet Union won five events—the javelin with Viktor Tsybulenko—272-8 1/2, 3,000-meter steeplechase with Nikolai Sokolov—8:35.4, the 5,000 meters with Pyotr Bolotnikov—13:58.4, and the decathlon with Yuri Kutenko—7,615 points, besides the high jump.

Tatyana Schelkenova set a women's world broad jump record of 21-3. Willie White of Chicago tied the listed record of 20-11 1/4.

## Child Diabetic Demands Care

Writes a registered nurse who is the mother of a child diabetic: "Re your statement that 'diabetes today is just about the simplest and easiest of chronic disturbances to control,' maybe you ought to take a newly discovered diabetic child into your home for a few months and then write another article.

"The day begins at 7 a.m. with examination of a specimen and an insulin shot," she says. "Then breakfast of what he's supposed to eat, not what he wants to eat. Not nearly enough protein and too much starch."

"Social activities with refreshments are another problem. Who wants to explain all the time? Then, if he gets shaky in the middle of a game from too much insulin or too little—the others become angry if he quits."

"Everything has to be considered when the insulin dose is figured: Activity, emotional upsets, a cold, an upset stomach. The rate of normal growth (he was 8 years old at the onset. Now he's 11).

"If you had ever lived with a child diabetic—or even an adult with a brittle diabetes—you could not possibly have stated that the control of diabetes is simple and easy."

I PLEAD GUILTY with an explanation.

Caring for the child diabetic or for the adult with a "brittle" diabetes is indeed a difficult and treacherous job. As my correspondent says, "just about everything throws them off" and "they can go from diabetic coma to insulin shock" in a matter of a few hours or even minutes.

But what I was referring to—and I should have been more specific—was the vast majority of adult diabetics of whom there may be as many as two million in the United States and Canada at this writing.

Of this veritable army, perhaps

the largest group is composed of adults who require little more than prescription of a mixed low calory diet to accomplish weight reduction.

Perhaps the next largest group is composed of those whose disturbance is controllable through diet and one of the sugar-reducing (hypoglycemic) pills that is taken by mouth.

With the exception of the relatively small group to which my correspondent refers, the majority of the remaining diabetics manage to get along quite successfully with a single injection of insulin each day.

Now it was to the preponderant numbers of simply controlled diabetics that I addressed myself in the column criticized by my correspondent. Within the limitations of time and space, I really cannot do more than enter into a broad discussion of complex problems to which experts dedicate volumes.

I SHOULD MOST CERTAINLY have indicated that my general statement did not embrace those trying special situations encountered by child diabetics, adults with a brittle diabetes and/or the controlled diabetic with a particular problem such as pregnancy, an intercurrent infection or operation, or evidences of chronic disease.

Finally, a positive suggestion for my kindly critic. Might it not be a good idea to have your child's situation reviewed by a specialist? Perhaps it may now be possible to substitute an oral hyperglycemic tablet for the insulin shot and remove most dietary restrictions? I hope so for both your sakes.

## German Girl Wins Title

## Electronics Engineer Begins Official Miss Universe Duties

MIAMI BEACH, Fla. (AP)—Willow Marlene Schmidt, a green-eyed beauty with a big, disarming smile, bade farewell to many of her erstwhile competitors today and got busy on her new job—being Miss Universe of 1961.

The 24-year-old German, selected by a panel of international experts as "the most beautiful girl in the world," reigned supreme at Sunday night's coronation ball. It was the final official event of the tenth annual beauty contest.

The tall, silver-blonde from Stuttgart met today with officials of the four-day contest to complete plans for personal appearances and promotion during the coming 12 months.

"I'm very happy it's over," Marlene said in reference to the Saturday night judging, "but I still can't believe it. It seems like everything happens too quickly."

Less than one month ago, she took leave from a \$54-a-week job as a research engineer for an electronics and radio firm in Stuttgart. She plans to return to that job when her reign ends.

"This is like fairyland to me," the 5-foot-8 Marlene said in reference to her three-room executive suite in Miami Beach hotel. She will remain here two to three weeks, return to Germany to visit relatives, then come back to the United States to fulfill commitments of the pageant winner.

Less than a year ago, Marlene boarded a train in Bresslau and crossed the Iron Curtain into West Germany. Her mother and a 17-year-old sister made a similar trip the previous day. Her father died as a German soldier on the Russian front during World War II.

Selection of the German entry was a popular one with the other girls. Marlene, endowed with a 36½-23-36 figure, was mentioned more often than any other delegate in an informal poll of contestants' choices for the title.

Rosemarie Frankland of Wales, first runner-up; Adriana Gardiazabal of Argentina, second runner-up; and Sharon Brown, Miss U.S.A. from Minden, La., also predicted in advance Marlene would finish among the top five.

Miss U.S.A., was fourth runner-up for the international title.

## Session Could Go Until Labor Day

## Congress Eyes Adjournment; Marking Time On Legislation

WASHINGTON (AP)—Another week of marking time, with major legislation still on the sidelines, appears in prospect for Congress.

This should be the next-to-the-last week of the session under the 1946 Congressional Reorganization Act which set July 31 as the target date for final adjournment each year.

The provision has no enforcement mechanism, however. And

Congress has adjourned by July 31 only twice in the past 15 years—in 1952 and 1956 when members had to leave for the national political conventions.

This year some leaders continue to talk of a Labor Day windup. But many senators and House members privately are saying Sept. 15 or later.

The House today plans to take up a bill to provide Secret Service protection for vice presidents-elect and retiring presidents.

Later in the week it has scheduled debate on President Kennedy's plan to reorganize the National Labor Relations Board, the Federal Home Loan Bank Board and federal maritime agencies.

The Senate plans to consider the atomic energy authorization bill and possibly a \$700-million oceanographic research measure. Three major pieces of legislation are in the Senate wings but only one is a possibility for floor action late this week.

These are the omnibus farm bill, the National Defense Education Act extender and the \$4.8-billion foreign aid authorization measure.

## Salem City Hospital Candid Observations

(Twenty-Third Article of a Series on Hospital Information)

## NEW RATES

### Part I of II

We have revised our hospital rates so that we now charge only for service rendered through nine divisions of the hospital. These are: bed-board-room, operating room, delivery room, nursery, pharmacy, laboratory, x-ray, anesthesia, and emergency room. Our intention is to charge only what is necessary to break even in each division. We have also simplified methods of charging.

The advantages are:

- Eliminate nuisance charges
- Cut down on red tape
- Improve income control
- Simplify financial auditing
- More uniform methods
- Spread the costs to patients more equitably
- Enhance public relations.

With our new accounting and management system, we are able to: relate income to costs, project income and costs, and to control costs. Thus in relating income to costs on a breakeven basis, it will be necessary from time to time to adjust income to costs whether it be up or down.

ROOM RATES — Private rooms range from \$22.00 to \$24.50, semi-private from \$19.00 to \$19.50, ward and pediatric are \$17.00. This includes the room, bed, meals, complete nursing care, linen, maid service, bedside radio, oxygen, fracture and traction equipment, special sterile materials, appliances and dressings and bandage.

OPERATING ROOM — major surgery is \$50.00, minor surgery is \$30.00 and minimal surgery is \$15.00. This includes all operating room facilities, sterile surgical supplies and materials and constant care in the recovery room after surgery.

DELIVERY ROOM — the rate here is \$40.00 which includes constant care during labor, delivery room facilities and constant care of mother and infant through the immediate postpartum period.

NURSERY — the rate is \$11.75 per day. This includes constant nursing care for 24 hours a day by a registered nurse and a licensed practical nurse, infant feedings, incubators, oxygen, circumcisions, cast materials, normal medications, special equipment and materials, and specialized care of premature infants.

Part II will list laboratory, x-ray, pharmacy, anesthesia and emergency room rates.

By — Jack Mosher, Administrator

## NEW RATES

### Part I of II

We have revised our hospital rates so that we now charge only for service rendered through nine divisions of the hospital. These are: bed-board-room, operating room, delivery room, nursery, pharmacy, laboratory, x-ray, anesthesia, and emergency room. Our intention is to charge only what is necessary to break even in each division. We have also simplified methods of charging.

The advantages are:

- Eliminate nuisance charges
- Cut down on red tape
- Improve income control
- Simplify financial auditing
- More uniform methods
- Spread the costs to patients more equitably
- Enhance public relations.

With our new accounting and management system, we are able to: relate income to costs, project income and costs, and to control costs. Thus in relating income to costs on a breakeven basis, it will be necessary from time to time to adjust income to costs whether it be up or down.

ROOM RATES — Private rooms range from \$22.00 to \$24.50, semi-private from \$19.00 to \$19.50, ward and pediatric are \$17.00. This includes the room, bed, meals, complete nursing care, linen, maid service, bedside radio, oxygen, fracture and traction equipment, special sterile materials, appliances and dressings and bandage.

OPERATING ROOM — major surgery is \$50.00, minor surgery is \$30.00 and minimal surgery is \$15.00. This includes all operating room facilities, sterile surgical supplies and materials and constant care in the recovery room after surgery.

DELIVERY ROOM — the rate here is \$40.00 which includes constant care during labor, delivery room facilities and constant care of mother and infant through the immediate postpartum period.

NURSERY — the rate is \$11.75 per day. This includes constant nursing care for 24 hours a day by a registered nurse and a licensed practical nurse, infant feedings, incubators, oxygen, circumcisions, cast materials, normal medications, special equipment and materials, and specialized care of premature infants.

Part II will list laboratory, x-ray, pharmacy, anesthesia and emergency room rates.
